

# GT95020

## CONNECTOR I/F FOR 5XXX/35XX PRODUCTS, SCSI TO 100 MIL GRID, SINGLE ENDED

- Connector I/F for 5xxx/35xx products
- SCSI to 100 Mil Grid, single ended
- Supports both 68 & 14 pin connectors

## DESCRIPTION

Connector I/F for 5xxx/35xx products, SCSI to 100 Mil Grid, Single Ended (both 68 & 14 pin)

## FEATURES

The GT95020 contains a 68-pin SCSI interface to 100 mil; an IDC compatible, 68-pin grid interface; and pull-up/pull-down connections (user supplied pull-ups) as the other two cards (GT95014 and GT95015), it also offers a 14-pin SCSI interface to 100 mil, 14-pin grid interface. The GT95020 supports single-ended data and control lines and is compatible with GC5050 and GT5050 modules.
